SUBJECT: Change to the Department of Defense Financial
Management Regulation, Volume 7A, (DoDFMR, Vol. 7A), on
Designated Hostile Fire or Imminent Danger Pay Areas,
(DFAS Item G-13)

Attached is DFAS Interim Change Number 13-97 to Chapter 10
of the DoDFMR, Volume 7A (version effective July 1996).

This change constitutes a complete replacement of Figure
10-1. It adds new designations for Egypt, Georgia, Greece,
Jordan and Tajikistan; removes airspace from the designated areas
of Chad, Mozambique and Vietnam; and excludes the Turkish Straits
from the included area of Turkey. Additionally, this change
defines the term "land area" which results in certain formerly
excluded coastal waters as now being qualified areas. Finally,
this change standardizes, to the extent possible, the terminology
for designated active areas. Newly designated areas are
effective as of the date shown in the table. Changes resulting
from the redefinition are effective from January 29, 1997.

We have evaluated your comments on the draft change to the
DoDFMR, Volume 7A. The attached final version of the change
includes your comments where appropriate. Assignment of an
interim change number is your authority to start a procedural
modification to facilitate this change. For the Denver Center,
use the attached to initiate the formal printed change to the
DoDFMR and the interim change message.

DESIGNATED HOSTILE FIRE OR IMMINENT DANGER PAY AREAS

1. This change adds new designations for Egypt, Georgia, Greece, Jordan and Tajikistan. It removes airspace from the designated areas of Chad, Mozambique and Vietnam and excludes the Turkish Straits from the included area of Turkey. Additionally, this change defines land area which, henceforth, will include all inland waters. This new definition caused removal of existing references to unspecified coastal waters and adjacent sea areas. As a result, certain formerly excluded coastal waters and bays which meet the criteria for inland waters are now qualified areas. Finally, this change standardizes, to the extent possible, the terminology for designated active areas.

2. Replace Figure 10-1 in its entirety with the following table.

3. Add the following notes at the end of Figure 10-1:

Notes:

1. The designation of a land area encompasses all internal waters, unless otherwise noted. For HF/IDP purposes, the term "internal waters" is defined as waters landward of the baseline drawn in accordance with international law.
2. The designation of a water area (such as the Persian Gulf) includes the territorial seas of those waters, but not the internal waters of the coastal lands. For example, all waters of the Persian Gulf seaward of the baseline of the coastal states, drawn in accordance with international law, would be included in the Persian Gulf designation.
3. Unless otherwise specifically indicated, airspace is NOT part of the included area. When airspace is specifically included, it will normally be that space directly vertically above the approved land or sea area.
4. This figure reflects all designated areas which were active within the last ten years.
4. Replace the word, excluded, in the second sentence of Note 2 for Table 10-1 with the phrase, not included.
5. Update the bibliography for Chapter 10 as follows:
 - a. To the entry for Chad, add the citation: ASD(FMP) Memo, 29 Jan 1997.
